To Whom it may concern,

This letter is in reference to Jim Morrison. I have had the opportunity to know Jim for many years. Jim is a man of integrity and high values. A man who says what he does and does what he says. I first had the opportunity to meet Jim thru a Lions event. He was at an event that I attended where he did dual roles as both an entertainer and as a speaker the following day.

I thought enough of Jim in his first appearance that as a Convention Chairman for 3 now going 4 Lions Conventions I asked Jim to speak at a number of them and have never been disappointed.

If your organization or company is looking for a man who does not trade values or morales for profit, you want to be associated with Jim.

I have been proud to count Jim as a friend and associate over the years, I can only hope you take the chance to talk with him.

Should you wish to talk with me about Jim feel free to contact me via my work number @ 920-388-4550.

Sincerely

*John E Mastalir*
