Dear Jim,

We really enjoyed your talk to our members at the recent Pulaski-Chase Cooperative Annual Meeting of the Membership. Over 150 people were in attendance and many made a point of telling me how much they enjoyed your topic *There is a "You" in Success* and how the message had relevant points for everyone. All the feedback I had on you was very positive and helped liven up what is normally a very dry meeting as we go about the yearly business of reporting financial results (very good this year) and electing directors.

Thanks again for agreeing to speak to our group and helping our meeting be a success. Best of luck in the future!

Cooperatively yours,

Todd Rosvold

GM/CEO
